Colour range

## Three in one

The Supro provides the option of supine, prone and vertical standing in one frame. Its design gives an angle range of 90° allowing it to achieve a horizontal and vertical position.

## Highly adjustable

The Supro offers high levels of adjustment in the knees, hips and chest to meet a wide range of postural needs. The Popliteal pads provide support behind the knee when the child is not fully able to straighten their legs.

## Fully supportive

The Supro is a unique supine stander that has been designed for children from 2 years old to young adults who need to develop and maintain their ability to weight bear. It offers full posterior body contact and is suitable for children with little or no head control.

# supro

## key features

**Popliteal foams**

**Adjustable knee cups**

**Soft head support**

### Unique solution

When a child displays fixed knee flexion the Popliteal foams can provide the necessary comfort and support in the space behind the knee. Please see the popliteal foams in the Supro accessory section.

### Versatility

Simply by removing the top section (the headboard) along with the soft head support, re-fixing the tray to the back of the stander and reversing the sandals, the Supro can easily and very quickly be converted into an upright and prone stander.

‘Having a Supro means children with very flexed knees have an opportunity to experience standing.’

Amy, Physiotherapist, Wales

Colour range

The Supro comes complete with upholstered board, lateral and pelvic supports, knee cups, cocoon sandals and plain tray.

## Knee cups

CODE KN011 - KN016

Maintains knee in position  
Available in sizes 1 - 6

## Caliper style kneecaps

CODE KN017 - KN019

Extra knee support  
Maintains knee position  
Available in sizes 1 - 3

## Sheepskin liners for kneecaps<sup>1</sup>

CODE KN022 - KN024

Maintains position of knee with added protection  
Available in sizes 1 - 3

## Popliteal foams (full thickness)

CODE FM014

Provides support to back of knee

## Popliteal foams (half thickness)

CODE FM015

Provides support to the back of knee

## Kneecap spacers

CODE KN020 - KN021

Provides additional height to the popliteal pad to accommodate differing degrees of knee contraction

**Lateral supports**

CODE SP010 – SP011

Provides snug pelvic and/or trunk support

**Soft head support**

CODE SP006 – SP007

Helps to support head position

**Whitmyer pro series interface plate<sup>1</sup>**

CODE WM001

Works in conjunction with the Whitmyer pro series vertical bar

**Tray padded insert**

CODE TR028 – TR029

Provides comfort and support around your child's chest

**Suspension rail**

CODE SR012 – SR013

Can be used to attach toys for stimulation

**Tray grab rail full width**

CODE GB013 – GB014

Helps child to stabilise upper limb  
Additionally can be used to attach toys

**Bowl and cover<sup>1</sup>**

CODE BW006 – BW007

(pictured on Whirl)

Removable and perfect for wet or dry play activities

<sup>1</sup> Must be factory fitted at time the product is ordered
